NUESTRAS MARCAS

Fundada en 1958 en Brescia, Italia, Chiappa Firearms pasó de ser un pequeño taller artesanal a convertirse en un fabricante integrado verticalmente, con una producción de alrededor de 60.000 armas al año, y sigue siendo una empresa familiar. El catálogo incluye reproducciones históricas, pistolas y revólveres modernos, incluido el innovador Rhino, además de una amplia gama de rifles y escopetas que combinan la artesanía tradicional con la fabricación CNC interna. Chiappa abastece a cazadores, tiradores deportivos, coleccionistas y recreadores de todo el mundo, manteniéndose fiel a sus raíces italianas.

Charles Daly es una histórica marca estadounidense que se remonta a 1875, cuando comenzó a identificar armas importadas de calidad excepcional en Nueva York. Hoy Charles Daly continúa ese legado como 'The Shooting Sports Specialist', con una amplia gama de escopetas semiautomáticas y de corredera fabricadas en Turquía conforme a exigentes estándares. La gama está diseñada para cazadores, tiradores deportivos y usuarios que buscan defensa del hogar, combinando más de un siglo de tradición con armas fiables y accesibles respaldadas por un sólido programa de garantía.

Victrix Armaments es un fabricante italiano de rifles de alta precisión que combina ingeniería avanzada, artesanía y décadas de experiencia en mecánica de precisión. Con sede en el norte de Italia, la empresa diseña, desarrolla y fabrica sus sistemas de armas íntegramente en sus instalaciones, ofreciendo soluciones de vanguardia para aplicaciones profesionales, militares, de fuerzas del orden y de tiro deportivo. La precisión, la innovación y la calidad sin concesiones definen la filosofía de Victrix.
